experience

Donation drive landing page- faciliate 2021

link to case study for faciliate:

[https://www.behance.net/gallery/144848891/](https://www.behance.net/gallery/144848891/faciliate-a-better-more-personalized-way-to-donate)

faciliate-a-better-more-personalized-way-to-donate

Designed and implemented a website which would ease the process of donating unneeded items during busy college move out weeks, in order to benefit both donation centers and the a speedier, more efficient dorm clean out process.

technologies:

adobe xd- for the wireframe
figma prototyping
html/css

our biomes 2021

designed a website which includes a quiz-style game in which players test their knowledge about the world's biomes and which highlights organizations championing conservation, using Python Flask.

Flower Power 2022

designed and implemented an interactive e-commerce landing page for a flower-selling boutique, in the form of a website that allows users to select and purchase many sorts of flowers, from trendy bouquets to roses. with , as well as product categories. The webpage features a shopping cart and search button, as well as product categories, and the ability for the user to "heart" a product they may enjoy.
